

ERRATA

In the discussion of **Characteristics of Skimming Flow over Stepped Spillways**, by Hubert Chanson which appeared in November 2000, Vol. 126(11), 862–865, the following corrections should be noted:

On page 862, Eq. (24) should read:

$$\frac{(C_f)_e}{C_f} = 0.5 * \left(1 + \tanh \left(0.628 * \frac{0.514 - \bar{C}}{\bar{C} * (1 - \bar{C})} \right) \right)$$

On page 863, Eq. (27) should read:

$$K' = \tanh^{-1}(\sqrt{0.1}) + \frac{1}{2 * D'}$$

On page 865, Fig. 16(c) and the corresponding legend should have been the third part of Fig. 15.
